

## ATTORNEY LEADS FORD THRU MAZE OF QUESTIONS

### Attempts to Show That 'Tribune' Editorial Was Correct

MOUNT CLEMENS, Mich., July 16.—Henry Ford, under examination as a witness for the defense during all of today's session of his suit for \$1,000,000 libel against the Chicago Tribune, was led thru a maze of questions by the newspaper's attorney who said he was trying to show that the alleged libelous editorial was correct in calling the motor manufacturer an "ignorant idealist."

Answering the varied interrogations of Attorney Elliott G. Stevenson, Mr. Ford described an idealist as one who "helped to make people prosperous" an anarchist as one who "throws bombs or seeks to overturn government."

**Did Not Recall Arnold Incident.**  
The witness did not recall the incident of Major Andre and Benedict Arnold, describing the revolutionary traitor as a writer.

At one time Mr. Ford said he would admit he was an "ignorant idealist" if that would stop the line of questioning, but later said the question would have to be decided by the jury. Judge Tucker interposed objection to carrying the line of inquiry too far outside the case and Attorney Stevenson asked that Mr. Ford's governmental relations be stated as that of a witness as a candidate for senator had set himself up as an educator of the people, he had a right to prove that Mr. Ford was ignorant.

Mr. Ford reiterated that his circulars against war and preparedness were written by Theodore Delavigne but that he was responsible for all the war experts who, though he did not recall all of them, followed are some of the statements:

"It (war) is the same old scare crowd talk by the same old scare vultures who make human lives, seldom thrown, the stake in their so-called battle of brains."

"I feel that this cry for the training of men to kill other men and for the placing of the army and navy as a burden on the backs of the people is a false conception of patriotism and treason to the life of the people."

"The United States has spent more than a billion dollars on a navy and army that would cope with an invasion that never occurred and never will occur and yet the very war experts who are responsible for that burdensome army and navy admit that our army and navy never would have been able to meet, with any hope of success, those of other so-called powers."

Pressed by Mr. Stevenson as to what he meant by such statements Mr. Ford repeatedly remarked that if it was in the book it was true. The whole effect of his replies was that by preparedness he meant a preparedness greater than was needed for defense and he regarded the army and navy of 1916 when President Wilson was making a tour of the country urging the necessity for increasing the army and navy, as quite adequate.

By severe crowds and vultures he meant those who advocated an army and navy greater than those of 1916 and this, as Mr. Stevenson interpreted it, must necessarily include all preparedness advocates from the president down.

**Air Thick With Objections.**  
Throughout the session the air was thick with the objections of the Ford lawyers, Alfred Lucking and Alfred G. Murphy. Attorney Stevenson stated there were 125 objections raised on behalf of the plaintiff yesterday and he said he thought that record would be broken today in averaging one of them Mr. Lucking said:

"I desire a further objection that counsel has been told by the witness several times that he hired an expert to write this book, that he gave him his general views, that he told him to be careful of his facts. Questions of this sort should go only to the man who wrote it, not to the man who, it is admitted, had the right to hire a man to prepare the facts."

Mr. Stevenson in reply said:

## Gives Figures U. S. TROOPS TO LEAD LONDON'S VICTORY MARCH

### Procession Will Salute Memorial to the Dead in Whitehall

LONDON, Tuesday, July 15.—(Via Montreal)—A composite regiment of the United States soldiers, 3,400 strong, headed by General Pershing, will lead the great victory march through London on Saturday, July 19, according to the completed program announced tonight.

After the Belgian contingent, the French, a thousand strong will follow and then a rather small body of Italians, a detachment of Japanese and other allied representatives. The forces of the British empire will march behind the allied contingents.

Admiral Sir David Beatty, head of the navy, Field Marshal Sir Douglas Haig and other generals will lead the British army in which all arms will participate, including the women's corps and nurses, all with their colored standards and pipes. The Australians, South Africans and Indian troops will also march in the pageant.

One of the most impressive moments will be in Whitehall where the procession will salute the stately memorial to the dead, designed by Sir Edward Lutyens.

**Pershing Presents Medals.**  
London, July 16.—General Pershing, the American commander in chief, who is in London to participate in the victory parade Saturday, went to the British war office today and presented distinguished service medals to a number of prominent British governmental officers.

Those who received the medals were Viscount Milner, secretary for the colonies; Winston Spencer Churchill, secretary for war; Viscount Peel, Baron Weir, director general of aircraft production; Baron Inverforth, (Andrew Weir) former minister of munitions, and Felix Cassell, judge advocate general.

In presenting the medals, General Pershing said they were a token of the appreciation of the American government for services rendered by the recipients.

From the war office General Pershing went to the Hotel Savoy where he was the guest of the American Luncheon club.

General Pershing was loudly cheered when he entered the dining room and again when presented by Ambassador Davies, the toastmaster. He thanked the host for his hospitality to him and the American soldiers when passing thru two years ago and paid high tribute to the British for their part in the war.

**Gives Thanks to Navy.**  
"It must have been with a sense of great satisfaction," said General Pershing, "that you Americans living in England learned of America's entry into the war, and with what interest you watched the coming of our expeditionary force."

General Pershing said the naval contingent under Vice-Admiral Sims, who quickly recognized that the difficulties demanded an increase of craft for destroying submarines and unity of command. "I give him and the navy thanks for their attitude toward the army and feel safe in saying that never before was there such complete unity of action between these branches of the service."

"I won't undertake to tell you what the army did. But I want you to know that its personnel was imbued with patriotism and devotion to the cause of liberty and filled with an aggressive determination to carry out the will of our people at home. When that first division entered the battle line and fought a brilliant battle at Cantigny, its success set an example for the future of the campaign and had an electrical effect on our allied armies which had been fighting for three years and gave them new hope."

"Then came our efforts in the great counter offensive at Chateau Thierry and Soissons, where with the allies we took the initiative from the enemy and maintained it to the end of the war. I need not recall what the American army did at St. Mihiel, nor how it fought an historically decisive battle in the Argonne which cut the enemy's line and made further resistance impossible."

**Peace Has Victories.**  
"But peace has victories no less than war. Now that the end has come it is for us to look forward to a solution of the great questions at home and abroad."

While carrying on this work and preparing for peaceful years to come we must insist that our late enemy fulfill every obligation peace has imposed upon him. It must not be understood because we are not leaving a large army of occupation that we will not insist on fulfilling to the latter all the conditions."

General Pershing said that the American was rapidly being sent home only about 200,000 being left.

"I would do you good if you could see those magnificent troops," he added. "Their fine morale and splendid discipline"

## Council of Five Discusses The Russ Blockade

### British Papers Resent Carson's Warning to U. S.

PARIS, Tuesday, July 15.—(By The Associated Press.)—Sir Edward Carson's speech Saturday has brought the Ulster leader under the lash of the newspapers of all parties, primarily on account of his references to the United States which are criticized as tactless and calculated to breed bad blood between the two nations, and secondly because he reiterated his old threat to call out the Ulster volunteers to resist any attempt to place the home rule action in operation.

The labor organs are not slow to point out how much incitement to "direct action" could be improved upon in the industrial field for securing political ends. The liberal pro-Irish papers are equally quick to point out that in point of tactics there is no difference between De Valera and King Carson.

**Bringing Matter Up in House.**  
The matter came up in the house tonight when the speaker gave John Robert Clynes, laborite, permission to move adjournment of the house for the purpose of challenging the government to set the law in motion against Sir Edward for a speech inciting to violence and endangering the safety of the realm. Mr. Clynes said there were many poor illiterate men now in prison for saying less harmful things than Carson had said. It was the government's duty to see that the law was equitably enforced.

Mr. Clynes described Sir Edward as the arch-apostle of direct action.

Lord Hugh Cecil and other unionist members condemned Carson's remarks as indefensible. The Attorney General, Sir Gordon Hewart, declared that the allegations that Sir Edward Carson's speeches incited to a breach of the law and violence had broken down. There was nothing in the speech in question which it was possible to found legal proceedings, he said. The passage referring to the calling out of volunteers he added was hypothetical contingent on depriving Ulster people of their rights as British subjects and this nobody proposed to do.

However, much the speech might be regretted at a time like this, he continued, there was no law that could be set in motion as no offense had been committed.

**CHANGE BATTLESHIP BASE FOR MANEUVERS.**  
NEWPORT, R. I., July 16.—Admiral Henry B. Wilson, commander in chief of the Atlantic fleet will have the big ships maneuver in the waters of Provincetown, Nantucket and Gardiner's Bay, during most of the summer, according to word received here.

Instead of using Narragansett bay as the battleship base.

Some years ago, when the late Rear Admiral Robert D. Evans commanded the North Atlantic fleet he abandoned Provincetown as a base and sailed away from all his ships one summer day because the town authorities would not permit his men to play baseball on Sunday. From that time until the United States entered the war, the battleships came annually to Narragansett bay.

**MEXICO OFFERS TO MEDIATE DIFFICULTY.**  
SAN SALVADOR, Republic of Salvador, Monday, July 14.—Mexico has offered to mediate in the Costa Rica difficulty caused by the revolutionary movement from the Nicaraguan border against the government of President Tinoco, both Costa Rica and Nicaragua have declined the mediation, according to advices received here.

It is understood that President Tinoco has expressed himself in favor of the friendly intervention of Salvador.

**BLAME PAROLED CONVICTS FOR CRIMES.**  
CHICAGO, July 16.—Chief of Police Garrity and Chief of Detectives Mooney declared today that paroled convicts are responsible for 80 per cent of the major crimes committed in Chicago.

The statement was made in reply to the assertion of the state board of pardons that men released from penitentiaries and reformatories have not participated to any great extent in the recent waves of crime in Chicago.

**WANT SPEEDY AGREEMENT.**  
Kansas City, Mo., July 16.—The question of wages and the question of classification, it developed today, are among subjects upon which the Brotherhood of Railroad Signal men in convention here desires to reach a speedy agreement with the railroad administration.

**RECEIVES INCREASE.**  
Indianapolis, July 16.—Effective this morning conductors and firemen of the Indianapolis Street Railway Co. will receive an increase of three cents an hour. The new schedule ranges from 37 to 42 cents an hour. The company estimates that the increase will amount to \$125,000 annually.

There have been a great pride to me and other officers in the high command. They are returning home with a broadened view of life and its obligations and are determined to fulfill their duty as American citizens. They are entering on a new life with the same patriotism with which they fought the war and made such a glorious record."

## WILSON INVITES G O P SENATORS TO DISCUSS PACT

### President Starts Aggressive Effort to Diminish Opposition

WASHINGTON, July 16.—In an aggressive effort to diminish opposition to the peace treaty, President Wilson will begin at the white house tomorrow a series of personal talks with Republican senators.

**Adopts More Direct Method.**  
With his reiterated effort to consult with the foreign relations committee unaccepted and with his opponents on the Republican side evidencing no purpose to seek his counsel, the president decided today to adopt the more direct method of inviting Republican members to the white house and laying before them his reasons for asking that the treaty be ratified.

A half dozen senators whose names were withheld were asked to meet the president tomorrow. During the day he selected fifteen whom he desires to see this week.

The president's letters of invitation had not been delivered tonight and there was much speculation as to the choices he had made for tomorrow. In some quarters it was thought likely he had invited Chairman Lodge and other members of the foreign relations committee, but it also was suggested he may have chosen to talk first with senators who are inclined to be friendly to the treaty.

**Predict Talks Will Fail.**  
Republican leaders opposing the treaty in its present form did not hesitate to predict that the white house talks would fail to lessen the opposition to unreserved ratification. Democratic senators supporting the president, however, declared his course undoubtedly meant he had convinced arguments to effect. That in the president's confidence indicated that the burden of his appeal to the Republican senators would concern the league of nations and the Shantung settlement. It was predicted that he would tell his callers the complete details of the negotiations on these points and on any others that might be brought into question.

That it might be in a better situation to consider the Shantung provision the foreign relations committee agreed today to ask the state department for copies of all available treaties bearing on Japanese and German interests in China. In its preliminary reading of the Versailles treaty, however, the committee passed over entirely that part of the treaty affecting Shantung and other former possessions of Germany, reserving the whole subject for future discussion. Shantung will be the subject of more discussion tomorrow in the senate, Senator Sherman, Republican, Illinois, having announced he would speak against acceptance of the treaty provision giving control of the peninsula to Japan. In this connection Senator Borah, Republican, Idaho, may call up his resolution asking for a letter said to have been written by General Bliss, Secretary Lansing and Henry White protesting against the Shantung agreement. The resolution which also asks whether the Chinese delegates were "intimidated" by the Japanese is expected to arouse bitter opposition.

**To Call up Resolution.**  
The resolution of Senator La Follette, Republican, Wisconsin, asking why Costa Rica "was not permitted" to sign the peace treaty also is to be called up.

The senate was not in session today.

In its reading today the committee made slow progress and it was predicted that with daily meetings the whole text will not be covered the first time before the end of the week.

**PAY OF AUSTRALIAN SOLDIER EXCEEDS U. S.**  
WASHINGTON, July 16.—Popular belief that the American soldier is higher paid than that of any other country, is erroneous according to an official table issued today by the general staff. This shows the three British dominions, Australia, New Zealand, and Canada—allow materially higher pay for each grade than does the United States. For instance in the Australian army a corporal earns \$72.90 per month, as compared with \$36.00 in the American army. The other extreme is shown in the cases of France, Japan and Italy where the private receives \$1.50, \$0.78 and \$0.58 per month, respectively against the \$30.00 paid the American doughboy.

**PAY LARGE SUM IN WAGE INCREASES.**  
Chicago, July 16.—Approximately \$1,500,000 in wage increases was paid out to city employees today. It was the first pay day since the council passed the annual budget providing for increases to virtually all employees.

**Kalamazoo, Mich., July 16.**  
"Pop" Geers, driving his Reap-er, won the \$3,000 Mills purse for 2:06 trotters at the Recreation Park this afternoon.

**TWO TRANSPORTS DOCK.**  
New York, July 16.—With 1,578 troops on board, including 17 officers and 13 men of the 89th pioneer infantry regiment, the Transport Seranton arrived here today from St. Nazaire. The 89th infantry detachments included field and staff headquarters, supply company, medical detachment and Companies A, B, C, and E. They will be sent to middle-western camps for demobilization.

## Baker Approves Plans For Guard Re-Organization

### President Starts Aggressive Effort to Diminish Opposition

WASHINGTON, July 16.—Final plans for the re-organization of the national guard on the sixteen division basis with divisional areas following the same limits as did those from which guard divisions were organized for service against Germany were approved today by Secretary Baker.

Major General Jesse Mc Carter, chief of the bureau of militia affairs, immediately sent notifications to the various adjutant generals of the units allotted to their states and of the readiness of the federal government to extend recognition after the required inspection had been made. The organization table announced today provides for forty seven regiments and eighteen battalions of infantry; six regiments, seventeen squadrons and nineteen troops of cavalry; ten regiments, twenty battalions and seven batteries of field artillery and seventy four post artillery companies with additional forces of engineers, sanitary and signal corps.

A maximum expansion to about 440,000 men of 800 per senators and congressmen is provided for but the units for the time being are to be organized on the basis of 65 men per company of infantry, as appropriations for the national guard for the fiscal year 1920 permit only the organization of the guard on the basis of 200 men for each senator and representative giving an aggregate strength of about 106,000.

**New York Has Biggest Part.**  
State allotments as given in letters sent to the various adjutant generals show that New York, because of its population, will have the biggest part in the re-organized guard, six full regiments of field troops and twelve companies of coast artillery having been assigned to that state.

Pennsylvania is authorized to maintain four full regiments in addition to auxiliary troops, while Illinois is given three complete regiments and Massachusetts two.

The assignment to Texas of six full regiments of cavalry besides four other regiments and auxiliaries, was considered significant.

The statement assigns a part follow:

Illinois.—Three regiments, infantry; one squadron cavalry; one regiment and one battalion, field artillery; one battalion, engineers; one signal company (wire); one engineer train; two field hospital companies; two ambulance companies.

**DUTCH RECOGNIZE SWITZERLAND'S RIGHT.**  
BERNE, Switzerland, July 16.—The Dutch government has sent to Switzerland a formal recognition of Switzerland's right to navigate the Rhine with all the privileges attending such navigation.

Under the provisions governing the navigation of the Rhine, as set forth in the peace signed with Germany, Switzerland, like Holland is given a formal recognition of the Rhine commission. This commission is to come into being within six months after the German treaty goes into effect the allied powers reserving the right to reach an understanding with Holland for the revision by this commission of the convention of Mannheim, negotiated in 1868, governing navigation on the Rhine.

**PROCLAIM SEPARATION FROM OLDENBURG.**  
COBLENZ, July 15.—(By The Associated Press.)—A republic proclaimed in Birkenfeld in the allied area of occupation. A provisional government was formed Monday and complete separation from Oldenburg proclaimed.

Birkenfeld is a small principality of Germany, enclosed by Rhenish Prussia although belonging to Oldenburg. It has an area of 194 square miles and a population of about 45,000. The principal city and capital is Birkenfeld, 75 miles east southeast of Treves.

The American area of occupation includes Treves, Birkenfeld is in the French area to the south of the Americans.

**FILE PETITION FOR 7 CENT FARE.**  
MUSCATINE, Iowa, July 16.—The Clinton, Dayton and Muscatine railway company, a subsidiary of the United Light & Power company of Grand Rapids, Mich., controls public utilities concerns in many mid-west cities today filed a petition with the city council for a seven cent local car fare.

The appeal has a definite bearing on the wage controversy which is interlocked with the tri-city railway wage dispute.

The case here is looked upon as a test applicable to special charter cities.

**WILL REDEEM BONDS.**  
Washington, July 16.—Liberty loan bonds valued at \$100,000 which were lost when the armored cruiser San Diego struck a mine off the Long Island coast last year will be redeemed by the treasury department. Representative Gove, Republican, New York, was informed by the comptroller of the treasury today. The bonds were owned by the ship's crew and the treasury at first refused to redeem them holding there was no proof that they had been totally destroyed.

**WILL DEMAND REPARATION.**  
Havre, July 15.—(By The Associated Press.)—The French government will demand reparation from Germany as a result of the death of a sergeant major of the 89th infantry at the hands of persons unknown in Berlin, according to La Liberté. The incident occurred at the French embassy, where the officer was on guard.

**WEATHER INDICATIONS AND TEMPERATURE.**  
Illinois.—Fair and sunny, warmer Thursday and probably Friday.

**Temperatures.**  
The current, maximum minimum temperatures as of Wednesday were:

Jacksonville, Ill. .... 71  
Easton ..... 74  
Naperville ..... 74

## WARN RADICAL "DRYS" NOT TO GO TOO FAR

### Conservatives Set Out to Curb Attempts to Make Bill Drastic

WASHINGTON, July 16.—Conservative members of the prohibition faction in the house set out today to curb what they described as radical attempts to make the pending enforcement bill so drastic that it might create a revolution of feeling throughout the country on the question of liquor drinking.

**Would Invite Defeat.**  
Warning was given by the conservatives that if the radical element went too far they would be certain to invite defeat in the senate and possibly in the state vote thrown out by a presidential veto. This was pointed out by the conservatives in view of the published announcement that Representative Morgan, Republican, Oklahoma, a member of the judiciary committee had given notice that he would endeavor to make it a violation of law for a man to keep liquor in his own home for his own use.

Word was spread during the day that other prohibitionists were preparing to write into the bill a provision, stricken out by the committee which would prohibit a man's "using" any liquor he might happen to have procured and sent to his home before the house it is doubtful, a member of the judiciary committee said, whether a person could give a drink of whiskey to a friend at his own fireside without running the risk of arrest.

**Many Conferences.**  
There were many informal conferences at which some of the drastic provisions of the bill as proposed by Representative Pott, Democrat, North Carolina, and a pioneer prohibitionist, were called up like a bar room ghost, to keep the radicals from going too far. The farmer's wife who makes a quart of blackberry wine at home

Almost the first step in the peace plan is the resumption of mail service by the United States with Germany.

Navigation of the air has its perils emphasized, for now comes a report that an air ship has been struck by lightning and its crew lost.

It is announced that the church with free lemonade to all attendants at Sunday services has made its appearance in Springfield. An offset to the saloon free lunch.

Germany is not worrying about the league of nations, being for the time shut out from participation.

The house has refused to modify its definition of intoxicants and will probably follow the same course in its action on the exercise of concurrent power to make the federal prohibitory law effective, leaving to the courts the constitutionality of the act.

The special convention of business and professional women of the United States is the first absolutely business meeting held by the ladies. Many international gatherings have been held, but usually to promote some great reform movement affecting the right of women or children.

The question of conservation of forests, lakes, streams, and soil moisture is to be considered at a convention to be held at McGregor, Iowa, July 27th. Representatives are expected from the four northern Mississippi valley states, Iowa, Illinois, Wisconsin and Minnesota.

Champ Clark says "Republicans may find fault with President Wilson but, by the verdict of the people of the world he is the foremost man in all the world." The man from Missouri must be trying to square himself with the president regarding his course and expressions upon the entry of this country into the war.

Business men of East St. Louis are endeavoring to raise by public subscription about \$100,000, to clear up the floating debts of the city.

There are few cities in the state not in financial straits. Jacksonville is not alone and while its citizens have not as yet been called on to contribute cash, many of them are loaning money to the city in forwarding the water system project.

THE BOTTOM OF THE SEA.

While every municipality is seeking methods of increasing revenue that developed by the New York tax commission is a new one. The Monitor says that although everybody is familiar with the idea that the shore line of the United States extends legally three miles out to sea, nobody seems to have thought of the bottom of the sea as taxable until it occurred to the president of the New York State Tax Commission, two years ago, that cable companies occupying space on the ocean floor stood really in much the same relation to state and city as street car companies occupying space on dry land. So he made a test case by taxing the cable companies, and now the appellate division of the New York Supreme court sustains his contention, which, it is estimated, adds about \$50,000,000 to the assessment roll of the city and perhaps \$1,000,000 in taxes. Much time and money have been spent in trying to recover treasure from the sea, but Mr. Saxe, the president of this commission, seems to have hit upon a practical way of raising revenue from the bed of the ocean without even having to employ a diver.

CALLS FOR PUBLIC REPORTS.

By reason of an act past by the last legislature, all treasurers and custodians of public funds, other than a state officer, are required to publish in a newspaper in the town or county a full and complete report of the moneys received and expended by them.

The provisions of the new law apply to all county, township and city school treasurers specifying that supervisors, treasurers of road and bridge funds, school treasurers and city and village treasurers shall within thirty days after the expiration of each fiscal year, cause to be published a true, complete and correct copy of the funds received and expended, giving items, particulars and details as to source of receipts and to whom and for what the several amounts were paid out.

The law also states that public officials named shall file a complete statement within thirty days after the ending of the fiscal year with the county clerk.

A penalty of from \$25 to \$500 may be imposed against any officer who fails to comply with the law regarding the publishing of this report. In addition he shall be deemed guilty of a misdemeanor upon complaint of any citizen and upon conviction may be fined the above amount and be imprisoned.

THE CASE OF SHANTUNG.

Whatever may have been the circumstances creating the Shantung section of the peace treaty it is a hard mouthful for the United States to swallow. This country has long had a friendly interest in China and it is due to its efforts that that gigantic but passive country was given a place of respect in the affairs of nations, says the Globe-Democrat. For centuries China has been plundered by one country or another, sometimes by several countries in collusion, and it was not until the United States began to take an interest in its behalf that it could say with truth that it had a friend. On the other hand, we have no love for Japan. There may be no good reason for our distrust, but the fact remains that we do distrust her and, no doubt will continue to distrust her until a faith shall have been justified by works. Therefore the articles of the treaty giving to Japan the interests in the Shantung Peninsula, formerly held by Germany, are not in accord with our preferences nor with our regard for fair play.

President Wilson says, in explanation of this provision of the

treaty, that it was provided for by an agreement made by Japan with Great Britain, France and Italy at the commencement of the war, and that the representatives of these nations held that they were bound by this old compact. He says, further, that there was a secret agreement between China and Japan, although the Chinese diplomats claimed that it had been extorted from their country. The president claims that he opposed this feature of the treaty and finally secured its modification in a separate agreement by the Japanese peace delegates, which was ratified by the British, French and Italian premiers, by which Japan is to surrender all territorial right in Shantung and withdraw Japanese troops, retaining the ownership and operation rights of the railways on the peninsula, leaving it to the council of the league of Nations to determine how long that control of transportation shall continue. This arrangement does not appear in the treaty, as published, but it is to be presumed that the president has sufficient evidence of its existence as a definite contract to satisfy the senate of its actuality. There is nothing in the president's reported statement to indicate that the United States is a party to this supplementary agreement, and it cannot go to the senate for its approval. But its action on the Shantung section of the treaty must be largely influenced by the nature and effectiveness of this separate understanding. The fact that China refused to sign the treaty indicates that its government is still not satisfied with the arrangement. Probably it thinks that control of the railways by the Japanese will constitute a territorial control; that the Japanese have surrendered a shadow, China is not disposed to trust Japan, with very good reason.

The main question is, does this arrangement insure a bona-fide territorial control of the Shantung Peninsula by the Chinese. There can be no doubt that if the agreement is of the nature the president is said to assert, Japan must surrender title to the peninsula, and in that case there could be no question of protecting it under the provision of article 10 of the covenant. The protection then would be given to China. The sympathy of the United States is undoubtedly with China in this matter, and the country would like very much to be assured with sufficient definiteness, that justice is to be done to that country.

Both Mrs. Yates and Mrs. Alexander were attendants of the Young Ladies' Association. Oliver C. who married Carrie Atwater, of Jacksonville. They were the parents of Susie, who is married and resides in New York City; where her father makes his home with her. Oliver C. has been in business in several places in the west.

Rippling Rhymes By Walt Mason

Patience.

No matter what goes wrong, no odds what wiles are crossed, you'd better heave a song, than see your temple lost. If cussing things would help, I'd say, "By all means cuss; put up a howl and yelp, and raise a beastly fuss." But this course doesn't chase the shades of gloom away; just wear a cheerful face, and things will be O. K. I drove eight hundred miles, this spring, in my tin car; the rain, in fifty styles, came down, from clouds ajar. The roadway was a flood, and my old faithful boat just foundered in the mud, and there gave up its goat. Time was when I'd have reared and pawed around and wept, and torn my sorrow beard, while watch and ward I kept. But years have made me wiser; I know that patience wins; and forty thousand sighs aren't worth a brace of grins. And so I waited there and whistled half a day; then saw a granger fare with horses down that way. He handed me from the mire and I asked a buck, and I turned up my lyre and blessed my goodly luck. The mudholes dot life's way, and there we oft are mired; and some stand up and bray, and make the welkin tired; the wise man sits and hums a tune that should be canned, until some fellow comes and hauls him to dry land.

OLD JACKSONVILLE

THE SIMMONS

By Ensley Moore  
(Member Illinois State Historical Society)

One of the oldest and best known families of Jacksonville is the Simmons.

Solomon Meade Simmons came here from Kentucky, about 1830. He was the father of David Meade, Barton Webster, James Stone, and of two daughters; one of whom married Newton Campbell and the other Joseph Jackson.

Solomon M. Simmons was a well-to-do Kentuckian, and he was a charter member of the Christian church of Jacksonville.

He also had Revolutionary ancestry.

The writer was not able to get much information regarding his history.

David M. Simmons

Was born in Fayette county, Kentucky, near Lexington, in 1828 and was brought here by his father probably in 1830.

Mr. Simmons was married, March 20, 1851 to Miss Jane Ellen McKee, daughter of Joseph McKee. He was born in 1793, in Harrisburg, Virginia. Mr. McKee was the son of a Scotchman, who served in our Revolutionary army; Joseph was a man of means, first a member of the Church of England, afterward a Methodist, and then an Episcopalian. He lived here latterly, and died here in 1869. Politically, he was a pronounced Democrat, and his son-in-law, D. M. Simmons was a pronounced Union man and Republican. Mr. Simmons was also an Odd Fellow.

Jane Ellen McKee was born in Mt. Vernon Ind., April 8, 1829, and attended schools in Cincinnati, Ohio, and St. Louis, Mo. She was a lady of fine appearance and gentle manners. She died January 30, 1888. As the Simmons were Christians in denominational relations, Mrs. Simmons joined that church, and maintained her connection with it to the last.

David M., and Jane Ellen Simmons were the parents of: Eula Betty, who married Henry Yates, son of the War Governor of Illinois. Henry died about May 3, 1903, being connected with the state government at that time. They were the parents of Richard D. Yates, who died in September, 1894, at the age of about fourteen years.

The Yates were Episcopians. Emily who married William H. Alexander of Chicago, brother of John T. Alexander, the great cattle dealer. Mr. Alexander died some years ago, but is survived by his wife.

Both Mrs. Yates and Mrs. Alexander were attendants of the Young Ladies' Association. Oliver C. who married Carrie Atwater, of Jacksonville. They were the parents of Susie, who is married and resides in New York City; where her father makes his home with her. Oliver C. has been in business in several places in the west.

Ida May, who married Fountain J. Andrews, the well known lumber dealer. They are the parents

of Fountain J., Jr., now due from "Over Sea" service, and Marie Lucille, wife of Harry K. Chomowith of the Ayers National Bank.

Georgia, wife of Harry L. Hall, of Hall Brothers, Implement Dealers, residing on Webster avenue.

David M. Simmons was very active in politics and represented the Third Ward in the City Council in 1867 and in 1881. He was appointed Post Master by General Grant, and held the position for several years. In the days before the Civil War, when it required some nerve to be opposed to slavery, as a Whig or Republican, David M. Simmons was one of the elder Richard Yates' strongest supporters, and it went without saying that Mr. Simmons was not to be dismayed by any one.

James S. Simmons  
Lived here, before the Civil War, and enlisted in that fray. He gave his life in the service of the country, and died of pneumonia in a hospital. His brother, D. M. went South and secured his body and brought it here for burial.

James S. was married to Cornelia McKee, a cousin of David M. a wife, and they were the parents of Mary Cornelia and of George.

Mary, known as Mollie, married Charles W. Marsh, a business man of Minneapolis, Minnesota. Their present home, Mrs. Marsh was a graduate of the Young Ladies' Athenaeum.

George, known as "Bud" was raised here, and then went out West.

Barton W. Simmons.  
Was probably born here, and married Mary Cully. They were the parents of Dora, who married Lee Andrews, another lumber man, of Canton, Illinois, and brother of Fountain J. Andrews, of this city.

Barton W., having lost his wife, married Christiana Linn, who was Miss Alexander, sister of John T. Alexander. They had no children. After her death, Mr. Simmons married Mrs. Stewart, widow of Dr. H. C. Stewart. She was a Campbell by birth. Mrs. Simmons died January 6, 1913.

Barton W. Simmons was a Republican, and an alderman from the Third Ward in 1873 and in 1879. In 1881-2-3 Mr. Simmons was a member of the Board of Water Commissioners of this city. Mr. Simmons was a member of Urania Lodge No. 243 and of Ridgely Encampment of I. O. O. F.

He was State Collector of Locks (on the Illinois River), with headquarters at Henry, Ill., at the time of his death, which occurred Feb. 20, 1905, at the age of 68 years.

Business.  
David M. Simmons was in the grocery business on East State street, with William Rakekin. Afterwards, David and Barton, W. Simmons took over the business for some years.

ALEXANDER COUPLE WEDS IN SPRINGFIELD

Miss Elsie M. Reif Becomes Bride of Howard P. Moss Wednesday Afternoon.

The marriage of Miss Elsie M. Reif and Howard P. Moss, both of Alexander, was solemnized in Springfield Wednesday afternoon at 3 o'clock. The young people were attended by Miss Elizabeth Reif, a sister of the bride, and John Colwell.

The bride is the daughter of Mr. and Mrs. J. W. Reif, well known residents of Alexander. For several years she has been engaged in teaching in the public schools of Alexander and Morgan county, and has been very successful in her work. She is highly esteemed by a wide circle of friends.

Mr. Moss is the son of Mr. and Mrs. C. A. Moss, residing a few miles north of Alexander. For several years he has been engaged in farming and is known as a young man of business ability and sterling worth.

Returning Soldiers—

The value of the mental, moral and physical training you received in the army will prolong your life and make you a better man—in other words, the army taught you how to take care of yourself.

You now return to civil life—you now have to put into practice the skill and force of character you have acquired.

Take the matter of clothes—the uniform you wore was standard cloth, carefully inspected, carefully made—and when you got it and put it on you were required to keep it 100 per cent clean and fit.

Your certificate of discharge—at my shop—entitles you to a substantial cash discount. This is my personal contribution to the financial problem of the returned soldier—it does not apply to the regular customer.

When you put your hand down in your pocket this time and PAY OUT YOUR OWN MONEY FOR A SUIT, why not do what the army did—inspect the cloth, inspect the making, inspect the fit—in other words, put into practice what the army taught you.

START RIGHT—About the first thing a returned soldier has to do is to buy a civilian suit. I am trying to show these intelligent men that their chance of getting a job and holding that job depends tremendously on their personal appearance.

In the army you were taught not to DUCK, but to stand up and face problems—face this one right, with intelligence, judgment and the purpose to do the best you can for yourself.

C. D. Irlam of Woodson was transacting business in Jacksonville Wednesday.

W. A. Kinnel of Orleans was a Jacksonville caller yesterday.

## CORONERS INQUEST OF BODY OF WRIGHT

Jury Returns Verdict that Death Resulted from Concussion of the Brain.

Wednesday morning Coroner Rose empaneled a jury and held an inquest on the body of Edward Wright who died from injuries received when he fell into a grain bin at the City Elevator last Friday morning.

The jury was composed of Charles Starks, foreman; Charles Jackson, H. H. DeWitt, Samuel Williamson, Charles W. Tinsley and Oscar Williams, clerk. The testimony of Dr. J. W. Hairgrove, John W. Clary, William D. Gregory and McKinley Wright was heard. The testimony developed nothing new in addition to what has been given in the columns of the Journal.

After hearing the evidence the jury returned a verdict that Edward Wright "came to his death by concussion of the brain, as the result of accidentally falling down a grain bin in the city elevator on July 11, 1919, while in the performance of his duties as foreman for Lewis and Clary."

## Matrimonial

**Erison-Armitage.**

J. D. Erison of this city and Miss Hazel Armitage of Murrayville were united in marriage at the home of the groom's parents, Mr. and Mrs. S. T. Erison, 1022 West Lafayette avenue at 8 o'clock Wednesday evening. The ceremony was held by Dr. F. B. Maquet, pastor of Grace church.

The bride is the daughter of Mr. and Mrs. Walter Armitage of Murrayville. She was born and reared in that vicinity and attended the public schools. She is a member of the Christian church and a young woman highly regarded by a large circle of friends.

The groom is the son of Mr. and Mrs. S. T. Erison of this city. He is a farmer by occupation and is a young man of integrity and one who commands the respect of all who know him. They will reside for the present with the bride's parents but later will begin housekeeping on a farm five miles north of Murrayville.

## With the Sick

Walter Barbre, son of Mr. and Mrs. William Barbre of 202 South Prairie street, was yesterday taken to Our Savior's hospital suffering from an acute attack of appendicitis. An operation was performed at 11 o'clock Wednesday morning and the boy was reported to be in a satisfactory condition last night.

Miss Grace C. Tilton of 414 South Kosciusko street was taken to Our Savior's hospital for treatment Wednesday.

## BIRTHS

oBrn, to Mr. and Mrs. Joseph C. Johnson, Tuesday morning at Our Savior's hospital, a daughter.

Born, to Mr. and Mrs. W. C. Brune, of 837 North Church street, Monday, a daughter.

## DECIDE ON STEPS TO REDUCE LIVING COST

PARIS, July 16.—French Wireless—Four definite measures intended to reduce the cost of living were decided upon today by the cabinet. Henri Roy, a deputy, was appointed a commissioner to execute the ideas agreed upon. The four plans were:

- 1—Clemenceau or Vilgrain, food selling booths in Paris, will be doubled and others will be established in other centers of population.
- 2—Cheap restaurants to supply meals at fixed prices will be started in Paris and in the provinces, under the control of the ministry of supplies.
- 3—All war stocks of foodstuffs will be sold to the public, chiefly thru co-operative societies.
- 4—A special service already organized in the ministry of supplies will seek to curb illicit speculation in foodstuffs.

A bill pending in parliament contains provisions supplementing existing laws against speculation and increases penalties.

## MISS IMGRUND RETURNS FROM SPRINGFIELD VISIT

Miss Leona M. Imgrund, daughter of Mr. and Mrs. George Imgrund, has ended a visit of several days with friends in Springfield and Decatur and is again at her home in this city.

## TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement in Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

## Be a Rocky-Mountaineer this Summer!

Ask for the Booklets You Want

"Colorado and Utah Rockies"  
"Rocky Mountain National Park"  
"Mesa Verde National Park"  
"Zion National Monument"

"Pike's Peak or Bust," was the half-comic, half-tragic legend carried by the prairie schooners crossing the great plains back in '49. Pike's Peak, then, meant gold. If you didn't find it, you "went bust."

Pike's Peak is there today—more than 14,000 feet altitude—and other equally impressive peaks of the Rockies—Longs and Grays, Buckskin and Ouray, Spanish and Culebra.

And great ranges of mountains, too—Saguache, Sangre de Cristo, San Juan, Uncompahgre, Wasatch, Uintah, Oquirrh—noted in song and story. But now you go there in luxurious trains, on rails of steel.

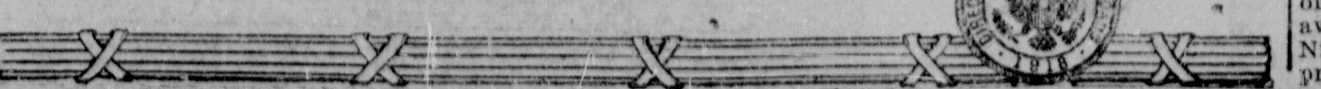

You go for the gold of renewed health, the silver of vacation rest. There is no possibility of failure, no going broke. Everywhere you find a multitude of wilderness outing joys, just around the corner from resort hotels. And, if you search for it, the fabled pot of gold at the end of the rainbow.

**ATTEMPT REPASSAGE OF DAYLIGHT REPEAL**  
WASHINGTON, July 16.—(By The Associated Press.)—Republican leaders of the house supported by party leaders in the senate agreed today to attempt repassage of the agricultural appropriation bill with its daylight saving repeal rider despite the president's veto. Provisions of the daylight saving law authorizing the interstate commerce commission to fix standard time zone, would not be discarded.

**\$225 Cut in Price of Titan 10-20**

**BEGINNING**  
July 1st, 1919, the 1920 price of the Titan 10-20 kerosene tractor is **\$1,000**  
CASH F. O. B. Factory  
**\$1050** when time is given  
Reasonable terms will be given to any man who needs the Titan now and cannot pay cash in full. These terms are new.

**WE** have reduced the price of the Titan 10-20 from \$1,225 to \$1,000. This big cut is not justified by present prices of materials and labor, but is made in anticipation that the largely increased volume of business developed will offset the reduction. The Titan now becomes the world's most popular priced 3-plow tractor.

If you have been holding off buying a tractor because \$1,000 was your limit for a good 3-plow machine, your price will now buy the best one.

To sell the Titan 10-20 at this low price, not a single necessary feature has been taken off to be bought at extra cost. The Titan comes to you complete. The Harvester Company is too old at the business to offer you a tractor which is not 100% efficient at the drawbar and 100% efficient on the belt.

Remember, the Titan is a 3-plow tractor. Don't confuse it with low-powered 2-plow machines. For a fair comparison as to price, add one-half the cost of any 2-plow tractor to its advertised price, then add the cost of

**These Features, Regular With Titan, Are Charged for Extra by Some Tractor Makers:**

**Friction Clutch Pulley** With the Titan wide friction clutch pulley, put in the right place by a company that knows where it belongs. It is provided with a safety shield. The belt work season is on. *No extra charge for Titan pulley.*

**Throttle Governor** With the Titan you get a throttle governor. You get steady speed for belt work, saves fuel, prevents grainage, works automatically and perfectly. *No extra charge.*

**Starting and Service** You get the Titan compulsory starting and service charge made by some companies. Complete instruction in starting and operating is given free. *No extra charge.*

**Drawbar** With the Titan you get a convenient drawbar, adjustable side-ways and up-and-down. Fits every need. Compare it with others. *No extra charge.*

**Fenders** With the Titan you get drive-wheel fenders. They stand for safety. They also protect the engine and operator from mud and dust. *No extra charge.*

**Platform** With the Titan you get a rear-plat-form. You can stand up and run the tractor, put in more hours with less fatigue. *No extra charge.*

**Drawbar**

**INTERNATIONAL HARVESTER COMPANY**  
CHICAGO OF AMERICA USA

**BERLIN FOOD PRICES FALL WITH CRASH**  
BERLIN, Tuesday, July 16.—(By The Associated Press.)—Prices on all foodstuffs have fallen with a crash in Berlin as a result of the lifting of the blockade. They began to show weakness when it was rumored that the embargo would be lifted but the real drop came only when illicit dealers with huge concealed stocks brought them out in a virtual panic to unload before competing supplies entered Germany. Restaurants, however still maintain absurdly high prices and apparently intend to continue to do so as long as possible.

**PRINCE OF WALES TO SAIL AUG. 5**  
LONDON, July 16.—The Prince of Wales will sail from Portsmouth August 5 on his trip to Canada. It was announced today. He will go on the new battle cruiser Renown, one of the "mystery ships" built during the war. The prince will land at St. John, New Brunswick, August 15 and will visit Halifax, Nova Scotia and at Charlottetown, Prince Edward Islands and then continue his journey on the Renown at Quebec.

**PACIFIC FLEET WILL CONSIST OF 175 SHIPS**  
WASHINGTON, July 16.—Approximately 175 ships with an aggregate tonnage of more than 500,000 will constitute the newly organized Pacific fleet it was said today at the navy department. At full strength the armada would be manned by about 34,000 men and 1,800 commissioned officers, but the personnel will be about 30 per cent below this strength when the fleet begins its history-making voyage from Hampton Roads next Saturday.

**ENGINEERS STRIKE**  
London, July 16.—Engineers on the Northwestern Railway system went on strike today seriously crippling the operation of the railway.

**WILSON SIGNS ORDER RAISING WHEAT PRICE**  
WASHINGTON, July 16.—President Wilson today signed an executive order increasing the guaranteed price of the 1919 wheat crop to \$1.30 a bushel at Galveston and New Orleans. A presidential proclamation also was issued declaring that in order "to protect the United States against undue enhancement of its liabilities" under the law guaranteeing wheat prices, that on and after July 1, no wheat or wheat flour should be imported into or exported from the United States except under prescribed limitations to be fixed by wheat Administrator Julius H. Barnes. It is expected that the higher price established for wheat at Galveston and New Orleans will divert a part of the crop's flow to export from Atlantic terminals and thus relieve the strain on common carriers and terminal facilities. In additional executive orders the president approved the licensing plan put into effect by director Barnes providing that all persons handling wheat, with the exception of growers, bakers, who consume less than 50 barrels of flour per month, and common carriers must be licensed.

**SEEM CONFIDENT OF ADJUSTMENT**  
NEW YORK, July 16.—Former German liners, converted merchantmen and warships operated by the cruiser and transport force of the Atlantic fleet transported from Europe to the United States during June a total of 315,067 troops of 9,000 more than were transported to Europe by the allied vessels of the allied nations during any one month of the war, it was announced today by Vice-Admiral Albert Gleaves. This was in addition to troops carried by other agencies. To handle these troops 136 ships were employed.

**MAKE RECORD IN TRANSPORTING TROOPS**  
PARIS, July 16.—(By The Associated Press.)—The Americans and others of the peace delegation seem confident that difficulties between the Poles and the Germans can be adjusted so as to hold the plebiscite in Upper Silesia without the necessity of using foreign military forces. Plans for the plebiscite are being perfected rapidly. All German and Polish soldiers will leave the district peacefully, according to present indications and enable the allies to organize a local police force sufficiently strong to insure proper conduct of the balloting.

**AMERICANS TAKE PART IN DISCUSSIONS**  
Paris, July 16.—(By The Associated Press.)—American members of the peace delegation are taking part in all discussions of plans for enforcing the German peace treaty and treatment of commissions to execute its terms. The Americans, however, are refraining from discussion of the probable American membership of these commissions.

**REPORT ON INVESTIGATION**  
Springfield, Ill., July 16.—Only five of the 840 men indicted by the April and May Cook county grand juries were paroled prisoners, according to the results of an investigation made public today by William Colvin, superintendent of pardons and paroles. The inquiry grew out of criticisms of the parole system by the April grand jury.

**WHITLOCK TO RETURN**  
Brussels, July 16.—(By The Associated Press.)—Brand Whitlock, American minister to Belgium who was reported to have been named as ambassador to Italy to replace Thomas Nelson Page, will leave for the United States, July 26. Mr. Whitlock refused to comment on the possibility of his going to Italy.

**BEGINS CAMPAIGN FOR RECRUITS**  
Washington, July 16.—The army medical department is about to begin an extensive campaign for recruits for service in the general hospitals. Authority has been given to enlist men for one year who have not had previous military experience.

**WILL NOT CHANGE RATES**  
Chicago, July 16.—The supreme tent of the Macabees in fourteenth quadrennial convention to day adopted a declaration that no change in insurance rates would be made. D. P. Markey, Detroit, was re-elected supreme commander; Thomas Watson, Detroit, supreme record keeper; S. C. C. Ward, Bangor, Maine, supreme correspondent and J. W. Sherwood, Portland, Oregon, supreme master at arms.

**VOTES SALARIES FOR TEACHERS**  
Chicago, July 16.—The board of education today voted a \$1,000 minimum salary for public school teachers and a flat increase of \$100 to high school instructors. The new scale means an increase of \$250 after one year of teaching, \$200 after two, \$175 after three, \$150 after four and \$125 after five years experience.

**REQUESTS RESUMPTION OF AUSTRIAN REVICTUALING**  
Paris, July 16.—(Havas.)—The Austrian peace delegation has sent a request to the supreme council of the allies that the revictualing of Austria which was interrupted on July 7, be resumed and continued through August and September.

**CRISIS IN THE HUNGARIAN SOVIET**  
Vienna, July 16.—(By The Associated Press.)—There is a crisis in the Hungarian soviet. General Bohm, commander of the armies, has been imprisoned. Reports have been circulated that his health required rest in a sanatorium. Straumfeld, soviet in command, is reported to have fled.

**SOME SPRING WHEAT NOT WORTH CUTTING**  
SPRINGFIELD, Ill., July 16.—Spring wheat in some sections of Illinois is "not worth cutting" due to scab, according to the report for the week ending Tuesday, July 15, made public by the United States weather bureau today. Other spring wheat is said to be "poor to fairly good."

"Rain is needed in some areas," the report says. "There is considerable complaint of corn and oats being blown down by the wind. Corn made excellent progress and is tasseling and mostly laid by in northern and central counties. It is now in its 'critical' period and much will depend on the rainfall during the next thirty days. Corn is in good to excellent condition where it is poor to good. Winter wheat is being harvested in the northern division and oats and spring wheat generally. Threshing of the winter wheat is general in central and southern counties, the yield being rather disappointing. The condition of spring wheat is poor to fairly good and some is not worth cutting. There is considerable scab in spring wheat. Oats are fair to good; meadows good and pastures drying in places. Haying operations are general."

**SAYS STREET RAILWAYS WILL NEED BILLION**  
WASHINGTON, July 16.—Street railways of the United States will need a total of approximately \$1,000,000,000 each year to enable them to meet adequately the demands made by the public according to estimates given the federal electric railways commission today by W. G. Bradlee, president of the Stone and Webster Management Association, Boston.

Mr. Bradlee declared that between \$6,000,000,000 and \$700,000,000 in new capital was needed annually for extensions and improvements and probably \$350,000,000 for refunding of outstanding obligations. "There are only two ways to obtain this money," Mr. Bradlee said, "either thru municipal ownership or thru the establishment of some plan so that the private investor will feel that he can count on a reasonable return." H. L. Stewart, Chicago, said there was little market now for street railway securities. Guy E. Tripp, chairman of the committee of one hundred representing the American Electric Railway Association predicted that many of the large electric lines would be in bankruptcy before the commission completes its hearings.

**DOES NOT REGARD U. S. ACTION AS VIOLATION**  
LONDON, July 16.—The British government does not regard the action of the United States senate with respect to Ireland, or the acts in the same connection of other persons or bodies, representing the American people as in violation of Article X of the league of nations covenant, said Andrew Bonar Law, the government leader in the house of commons today. The government, Mr. Bonar Law added, would not put the question of the future government of Ireland on the program for consideration at the next meeting of the council of the league of nations.

**EXPECT AGREEMENTS TO END PHONE STRIKE**  
WASHINGTON, July 16.—Agreements which are expected by postoffice officials to bring to an end the telephone strike on the Pacific coast were reached today at a conference between Chairman Koons of the wire control board and representatives of the interested unions. Striking operators will be permitted to return to work and increased wage scale made effective under the agreement, which also is understood to provide that the question of retroactive pay shall be referred to the wire control board.

**EXPECT DATO TO FORM MINISTRY**  
Paris, July 16.—It is expected in political circles in Madrid according to a Havas despatch that the conservatives will form a ministry with Eduardo Dato as premier. Senor Dato formerly held the post of premier and foreign minister. The resignation of the ministry was the result of an adverse vote in the chamber of deputies regarding the recent elections.

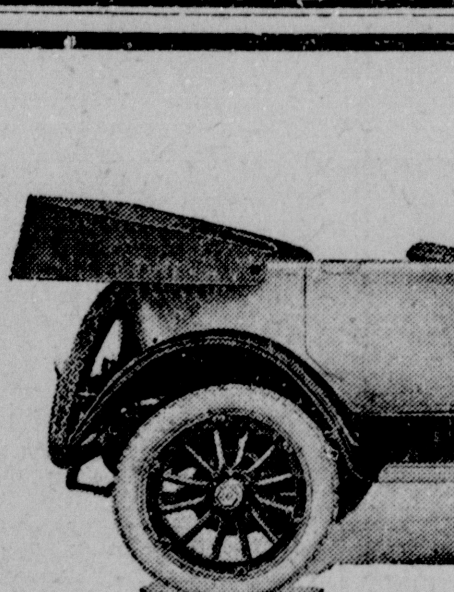

**FAVOR ONE-MAN CARS**  
Rockford, Ill., July 16.—Illinois Electrical Railway managers at their mid-summer meeting here today unanimously declared themselves in favor of the one-man street car. "The one man street car is no longer an experiment," they asserted.

**PLANE FALLS; FLIER KILLED.**  
Los Angeles, July 16.—Lieut. Mousse an aviator from Rockwell army aviation field near San Diego was instantly killed here today when his airplane in which he was circling over DeMille field, went into a tail spin and fell 900 feet.

**RECEIVE TWENTY SOLDIER PRISONERS**  
Leavenworth, Kans., July 16.—Twenty soldier prisoners with sentences from ten years to life were received at the federal prison this morning from overseas.

**DEMAND INCREASE IN PRODUCTION.**  
Weimar, July 16.—(By The Associated Press.)—Prussian Minister of agriculture Braun yesterday published a memorial covering the condition of Prussian agriculture in which he made demands for an increase in the production of vital necessities.

**EX-KAISER AND FORMER GERMAN EMPRESS ILL**  
AMERONGEN, Tuesday, July 15.—(By The Associated Press.)—The former German emperor refrained today from sawing logs for the first time in several months. It is understood that he is suffering from a cold. The former empress has experienced a recurrence of her heart affection. Both the former emperor and his wife remained in their apartments today. Dr. Forster, the personal physician of the former emperor, was called to the castle late Monday and remained there all night. It is probable that the recent bad weather is responsible for the illness of the Hohenzollerns.

**GENERAL STRIKE STARTS AT STETTIN**  
Copenhagen, July 16.—(By The Associated Press.)—A general strike accompanied by rioting has started at Stettin, capital of the province of Pomerania, Prussia, according to advices from German sources. The strike involves all trades. The object of the strike is to secure abolition of martial law in Pomerania and other political reforms.

**OLDEST YALE ALUMNUS DIES.**  
Knoxville, Tenn., July 16.—Dr. W. B. Boies said to have been the oldest living alumnus of Yale University died today aged 96 years. He was graduated in 1814.

The word SERVICE is the strongest word in automobile usage—it means most to the dealer and owner. If every purchaser of an automobile were to secure the service which he anticipates the day that he buys it, he would never drive any other make of car. But why the frequent change of cars with each consequent depreciation?

Was his car too hastily built,—  
Quantity production instead of quality production?  
Was it because his car was neither finished nor properly tested at the factory?  
Some automobiles receive no driving test. Some cars are built in such quantities that it is impossible to secure sufficient number of conscientious, efficient test-ers to test them properly.  
Consider the established fact, that the car or cars exemplifying the highest quality in each respective class of automobiles are produced in factories of comparatively small production.  
Dixie cars are built as you would build a car for your own use. Each car is subjected to an exacting road test.  
Dixie cars are built according to an established standard of quality—every car must qualify according to the standard test before delivery is permitted.  
A Dixie owner continues a Dixie owner, satisfied that he is the owner of the "Car of Service Unexcelled."

## CITIZENS EXPRESS VIEWS ON CITY'S FINANCIAL PROBLEMS

Since the publication of the city's financial statement on July 11 there has been a great deal of discussion as to the best method to follow to pay the city's indebtedness. The administration has asked that citizens discuss the question freely and offer any advice or suggestions which may occur to them. The Journal is glad to give space to the following statements from a number of Jacksonville citizens bearing on the subject of the city's financial problems:

**Bernard Gause.**  
"The floating indebtedness of this city at the present time is

### A TEXAS WONDER

\$300,000 of additional bonds. But, I do believe that the administration of the city's public affairs can be conducted along the line of its income, and that a substantial reduction is possible annually, if careful attention and management is given to the various city departments. The officers of the superintendent of water works and street commissioner could and should be consolidated under one person, and that of the police and fire department likewise. Many economies can be made in the running of the light department and, in fact, every employee of the city not absolutely required should under present condition, be dispensed with.

"Some effort should be made to reach the tax-dodger. The personal property as shown by the late U. S. census, and as made by our county assessors very wide discrepancy.

"The Railway & Light company should be compelled to take out a franchise and to pay a tax on same.

"Many years ago the city of Jacksonville subsidized the old P. & J. Rd. Co., and issued bonds in the sum of \$55,000, for that purpose; this road has since passed into the hands of the C. P. & St. L. company. There was one stipulation made in the contract at that time, i. e., that the right of way should be used exclusively by that company, and that no sub-letting or leasing of any part of this right of way could be made without the consent of the City of Jacksonville.

As is well known, this road is now leased to the C. B. & Q. Jacksonville is entitled to receive from this leasehold its share and should proceed to collect it.

"Illinois avenue has been entirely taken over for the private use of these railroads, and connections made with the street car company's lines, to the exclusion of all other roads which enter this city, constituting a monopoly of the heavy shipments which this company constantly is receiving. Jacksonville is entitled to receive every dollar that these connections produce.

"Other public utilities using the public streets of the city of Jacksonville should be made to pay a franchise tax annually toward the support of the city.

"Every automobile garage in this city has appropriated the public highway for its installation of filling stations for the sale of gasoline, which act is equivalent to adding that much more space to the rooms they occupy. It would not be unreasonable at this time to require the payment of a definite sum to the city for each gallon of gasoline they dispense.

"The doctors of the city should exhibit the same professional pride in their home town as the lawyers have shown, and designate one of their number to act as health warden without compensation.

"Personally I believe that every energy should be used in the direction of completing the new reservoir and filtration plant. Good, pure, wholesome water is the one thing that this city has needed more than any other one thing throughout its entire history, and nothing should be done at this time that will delay or defeat that program.

"We have many citizens who talk much about our beautiful city and then buck every effort that was ever made to secure from them their proportionate share of the cost of maintaining the city.

"The real test of patriotism has ever been first demonstrated by a person's loyalty and willingness to make a sacrifice for the town in which he lives, and Jacksonville today needs to make sacrifices. It is absolutely necessary that every person residing in the city bear his proportionate financial share in the crisis through which we are passing; and if solicitation and persuasion are of no avail, the necessary force should be applied, regardless of who it hits, so that it is done, and when this is done no bond issues or public contributions will be required."

**L. A. Barnhart.**  
"It does not appear that we will get ahead until our debts are paid and revenue is provided with which to operate. As I see it, a sufficiently heavy bond issue is the only way out. It isn't a question of what we individually like, but a question of what is best to be done and then do it, and it is up to our present city administration to say what that is; they have the means of finding out and of doing it. I am most interested in pure water, plenty of it, and clean streets."

**Mason Rowe.**  
"I am a comparatively recent arrival in Jacksonville, but am

deeply interested in the city's welfare. About a year ago I began looking around for a place to locate to go into business. Jacksonville appeared to have some drawbacks and I ran into a number of the usual knoekers, but the city looked good to me and I have gone into business here and am more than pleased that I did so. I can't say just what ought to be done to relieve the city's present condition, but just let me have sufficient space to say that I believe whatever the present city administration sees fit to do, will be right, and I shall be happy to pay my just share. I hope the new water plant will be finished up thoroughly and quickly. The lack of water keeps many people and many lines of business away from an otherwise good town."

**J. E. Claus.**  
"There is a new set of officials in office, men in whom the people have every confidence, men who are giving their time and talent to the city without a cent of pay. I believe they will find a way to straighten out the city's financial difficulty and that whatever plan is recommended, it will have the full support of every loyal citizen of Jacksonville. Our new water project, clear down to the filtration plant, must not be let lag. Our floating indebtedness must be taken care of. Personally I think a bond issue the only proper method."

**Wm. Batz.**  
"If we have the legal right to issue bonds, I am in favor of it, bonds sufficient in amount to retire all floating indebtedness and provide working capital until taxes are sufficient and can be collected. The amount needed is a matter for the city administration to figure out. We must have the new water plant finished, including the filtration plant. I am in favor of building a new municipal light plant and powerhouse, in connection with the new water plant. I think the time is ripe to act, we need these things and are big enough to have them and to take care of them. A bond issue necessary would mean about \$300,000. It would mean an up to date city on an entire clear footing. Under the new law we shall have additional tax revenue; the railway and light company and other utilities should be made to pay franchise tax for city property occupied without further delay; then, if it is found necessary, occupational and other forms of taxation should be applied. None of these taxes should frighten any one. If every one pays his just proportion there will be no hardship on any one."

**A Correction.**  
The interview in Wednesday's Journal credited to C. F. Thompson should have read C. P. Thompson.

**OIL FROM ROCK.**  
See demonstration, 11 a. m., and 4 p. m. daily, W. State (Lane's old stand). A limited amount of stock will be sold. Paid 2 per cent on par last month. Come, see us actually produce high grade oil from shale rock. **PAUL STRAWN, Demonstrator.**

**McKENDREE BLAIR RETURNS FROM COLUMBUS, OHIO**  
McKendree Blair has returned to his home in this city after a month's absence in Columbus, Ohio. Mr. Blair went to Columbus as a representative of Trinity University Methodist church of Urbana at the Methodist Centenary celebration which has just closed in the Ohio city. Mr. Blair is enthusiastic in his praise of the great celebration and especially of the pageant which was an important feature of the great exposition. It is his statement that the celebration far exceeded the expectations of all who witnessed it. The pageant was on such a large scale that it was impossible to present it on one evening. An attempt was made the first night to present the whole pageant and it was found that entirely too long a period was required, so thereafter it was given in two sections. On the Fourth of July the attendance exceeded the 120,000 mark and on the last Sunday these figures were fully equalled.

**WANTED AT ONCE**

**C. N. PRIEST**  
The Ford Man.

**BEARDSTOWN FACIES**  
The Beardstown city authorities are facing the problem of running the city on \$11,000 less per annum, that sum having been the amount paid in saloon licenses and which will now be missing. At a recent meeting of the finance committee of the city council the matter of conducting the city's affairs on the lessened revenues was discussed and various plans for meeting the situation were discussed.

It is probable that the license on motion picture theatres and pool rooms will be raised, but this will by no means make good the deficit. The citizens of Beardstown will in all probability decide on boosting the tax levy, in accordance with the new state law.

## STATE ETYMOLOGIST INSPECTED TREES

W. P. Flint, Chief Field Etymologist, Found No Serious Damage Threatening City's Trees—Grasshoppers Not Present in Alarming Numbers.

W. P. Flint of Urbana, chief field etymologist of the state, arrived in Jacksonville Wednesday morning to make an investigation of the shade trees here. As noted in a recent issue a movement had been inaugurated to save the trees in this city, as it was feared some of them were in a dangerous condition. Mr. Flint while here also traveled about the county in order to ascertain whether or not there is a probability of great damage from grasshoppers.

An inspection was made of the trees at Duncan park, as well as of those on the Illinois college campus and at the residence of Andrew Russell. The inspection gave no evidence of any serious injury done to trees by insects, but did show some trees suffering from a fungus disease which caused the leaves to appear as tho attacked by insects. Mr. Flint stated that there was nothing at all alarming about this condition. The many lovers of beautiful shade trees in this city will be glad to know that the state specialist found no serious damage threatening from either insects or disease.

In the afternoon, Mr. Flint, accompanied by G. B. Kendall, the county farm adviser, made a trip into the country west of this city to learn the extent of the grasshopper pest. They inspected the fields along the Mound road and drove to Markham and back and did not find evidence that grasshoppers exist in alarming numbers in any part of the county.

Mr. Flint reported that in coming from Warsaw to this city he noticed a clover field where grasshoppers had wrought considerable havoc, and it was also stated that an alfalfa field in the Pisgah neighborhood had been considerably damaged by the insects.

The etymologist recommended that farmers use the poison mash where it is possible to use this method of extermination, and in other cases advised the use of the hopper doser or hopper catcher. When the hopper doser is used the insects fall into kerosene but in the use of the catcher the insects are taken alive and may later be used as hog feed. Dry grasshoppers are better for this purpose than the highest grade tankage, according to Mr. Flint, as they contain a higher grade of protein than the tankage.

Mr. Flint will return to this city Thursday, July 24, and will at that time assist in a demonstration to be given in the vicinity of Pisgah. All farmers interested in the extermination of this pest are invited to see this demonstration.

STARTS SATURDAY MORNING.  
**RABJOHNS & REID.**

**LITCHFIELD ELKS TO BUILD NEW HOME**  
The Elks lodge of Litchfield has just taken action which will result in the erection of a handsome new home for the order there. The lodge members recently voted in favor of purchasing the Wooster property at a cost of \$7,000 and it is proposed to erect thereon a building which will cost in the neighborhood of \$50,000. Definite plans for the building are not yet formulated, but a building committee is to be named in the near future and the project will be pushed along as rapidly as possible.

**FORDSON TRACTOR**  
Price cut to \$750 F. O. B. Dearborn, Detroit. Call or write W. N. Bobbitt, distributor, Chapin, Ill.

**BIDS FOR COAL**  
Sealed bids will be received by the city council until 1 o'clock noon, Monday July 21, 1919, for coal needed at the south pumping station and the municipal light plants. Bids are asked on 3 inch, 1 1/2 inch lump and mine run coal delivered at the pumping station and 1 1/4 in screenings 3 inch lump, mine run, slack and washed coal delivered at the light plant. The right is reserved to reject any or all bids. All coal is to be weighed on the city scales.

**R. L. Pyatt,**  
City Clerk.

**ADDIE M. BAYLESS WILL IS FILED**  
The will of Addie M. Bayless has been filed for probate in the office of County Clerk Riggs. After providing for the payment of just debts all of the property, both real and personal, is divided equally between her son Charlie Olney Bayless and her daughter, Adelia May Cooper. They also are named as executors. The will is dated January 27, 1919 and is witnessed by J. J. Rayborn, G. F. Lewis and Rachel L. Lewis.

**CENTRAL MARKET**

**H. M. TICKNOR GOES TO CALIFORNIA HOME**  
Harry M. Ticknor who has been visiting for a few days with F. L. Sharpe and other friends left Wednesday afternoon for his home in Pasadena, Calif. Mr. Ticknor had been to Atlantic City and took the opportunity to stop over here for a visit at his old home.

**NOTICE OF EXAMINATION**  
Examination for teachers' certificate will be held in the office of the county superintendent, Thursday and Friday, July 17th and 18th, 1919. For further information call on or write H. H. Vasconcelos, County Superintendent of Schools.

Mr. and Mrs. John Allen of Gillespie were city callers yesterday.

## FUNERAL SERVICES FOR C. A. OBERMEYER

Were Held at Residence in Alexander Wednesday Morning—Burial in Diamond Grove Cemetery.

A large number of relatives and friends gathered at the residence in Alexander Wednesday morning to attend the funeral of Charles A. Obermeyer. The services were in charge of the Rev. J. A. Betcher, pastor of Alexander M. E. church.

The pastor spoke of the high regard in which Mr. Obermeyer was held in Alexander. He offered words of comfort to the bereaved family and drew from the life of the deceased many things that will be of aid to those left behind in the great battle of life.

Music was furnished by Rev. and Mrs. J. A. Betcher, Edward Erickson and Miss Catherine Kaiser. There were many beautiful floral offerings and these were in charge of Miss Bessie Gorman, Mrs. L. V. Baldwin, Miss Aileen McCormick and Miss Harriet Six.

Following the services the funeral procession moved to Diamond Grove cemetery, where burial was made. At the grave the funeral service of the Knights Templar was carried out under the direction of W. S. Badger.

The bearers all Sir Knights, were: L. G. Magill, H. E. Walker, W. P. Spillman, Clarence York, H. E. Wheeler and Charles M. Strawn.

**"SPECIAL NOTICE"**  
**OUR JULY CLEARANCE SALE STARTS SATURDAY MORNING. SEE LARGE ADV. IN FRIDAY'S JOURNAL.**

**RABJOHNS & REID.**

**REV. A. F. EWERT SPOKE IN BLOOMINGTON TUESDAY**  
Rev. Arthur F. Ewert, pastor of the Presbyterian church at White Hall, and formerly pastor of the Park Methodist church in Bloomington, made an address in the Bloomington Chamber of Commerce rooms Tuesday evening.

Rev. Mr. Ewert had as a theme "The American Army in Action," and he gave a thrilling account of the desperate battles at Chateau Thierry, the Argonne and Belleau Woods. As chaplain of the 33d infantry Rev. Mr. Ewert had an intimate knowledge of the happenings on the battle fields, and his account was heard with rapt attention.

The meeting in Bloomington was arranged by the Liberty State bank and was attended by the stockholders and a number of invited guests.

A few bushels of good old potatoes left which we are closing out at \$1.00 per bu. **ECONOMY STORES**

## The Things to Look for in Your Laundry

Back in the time of "mangles" and "bleaches" you didn't expect much more from your laundry than a sort of rough and ready cleansing service.

But now when wash day troubles bear upon you and you seek a laundry that will give your family bundle the considerate attention that it deserves, you want—

Inconspicuous marking of clothing, washing without wear, sousing and rinsing in suds and soft water, ironing without scorching; no rents and missing buttons; sweet cleanliness; immaculate finish, definite delivery; courtesy—and moderate prices.

These are the ideals upon which the "SLOW AND CAREFUL" Laundry has developed its Finished Family Wash Service.

## A Free Book About Preserving Every Housewife Should Have

Even Beginners  
Can be Sure of  
Success by Following its Suggestions

Good preserving is now very easy. Most of your preserving difficulties have come from using sugar alone.

Make your preserving syrup with 1/2 Karo (Red Label) and 1/2 sugar—and you can be sure of your results.

You can always count on good, clear jams and jellies with this recipe—and you can be sure that they will not grow tough or "candied" in the glass.

This fine, clear Karo Syrup has a natural affinity for the fruit juices. It blends the sugar with the fruit and brings out the full "fruity" flavor.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

**FREE** A real cook book including recipes for sure results in preserving, everybody appreciates. Sixty-eight pages handsomely illustrated. Write us today. The book is free.

What is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It is a Blood Infection and Can Be Permanently Relieved

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks and which is not affected by salver and ointments.

It is important that you rid yourself of this terrible disease before it goes too far. S. S. S. is the blood purifier that has stood the test of time, having been in constant use for more than fifty years. It will do for you what it has done for thousands of others, drive the rheumatic poisons out of your blood, making it pure and strong, and enabling it to make you well. S. S. S. is guaranteed purely vegetable, it will do the work and not harm the most delicate stomach.

Write the physician of this company and let him advise with you. Address Swift Specific Company, 435 Swift Laboratory, Atlanta, Ga.

ERICKSON HOLDS SOX TO FOUR HITS

IS DAUGHTER OF DUNCAN FERGUSON Wednesday morning the Journal carried a story of the arrival of Miss Katherine Ferguson, a Red Cross nurse from overseas service, whose home address was given as Jacksonville, Ill.

No record of a nurse of that name could be found and it was thought the city might be Jacksonville, Fla., or that the name of the nurse was not given correctly.

It developed, however, that the nurse in question, is the daughter of Duncan Ferguson, a well known resident of Jacksonville, in the employ of J. Capps and Sons. Mr. Ferguson received a card from his daughter Wednesday, announcing her arrival aboard the Imperator, on July 14.

Miss Ferguson is a graduate nurse, and prior to entering the Red Cross service and going overseas, was employed as public health nurse in Yonkers, N. Y. For the past three months she has been with the army of occupation in Germany. Miss Ferguson, in her message, said she expected to visit her old home at Dundas, Canada.

"It makes a difference" HAVOLINE OIL 5 Gallons, \$3.35 BRYANT'S GARAGE "Everything for a Ford."

MOVE TO SPRINGFIELD. Mr. and Mrs. Samuel Ornellas and daughter, Miss Marie, left Wednesday for Springfield to reside in the future. Miss Ornellas has a position as stenographer in the Secretary of State's Office. Their other daughter, Miss Lola Ornellas has been employed in Washington, but expects to return to Springfield in the autumn and will also be employed in the state house.

JUSTICE COURTS. The case of George Nunes, charged with disorderly conduct, was called for hearing in the court of Justice Crum Wednesday morning. The defendant asked for a change of venue which was granted, and the case was taken to the court of Justice Bayha. A continuance was then granted to Friday morning at 9 o'clock.

MURRAYVILLE AID PLANS ANNUAL BURGEOO

Will be Held July 24—Final Plans to be Made Tomorrow—Other Interesting Items.

Murrayville, July 15.—The Ladies Aid Society will meet Thursday afternoon, July 17th, with Mrs. Sarah Wade. A good attendance is desired as final reports will be received about our annual Burgeoo picnic Thursday, July 24. Make your plans to attend this picnic as it is known as the great "Home Coming Day."

Mr. and Mrs. Harvey Chaffin of Tulsa, Oklahoma, spent one day last week with Mr. and Mrs. Chas. Short.

Miss Edna Sorrells has accepted a position as public health nurse of Jersey county. Her many friends are glad to know of her success in her chosen profession.

Mayo Wesner and little niece, Helen Wesner of Roodhouse, visited home folks here last week.

Dr. J. H. Spencer and family and Mr. and Mrs. S. B. Robinson spent last week at Lake Matanzas. They report a grand time.

Ed Cade and family of Woodson were guests of relatives here Sunday.

Mrs. S. L. Ramsey spent last week at the home of her sister, Mrs. James Johnson of Buckhorn neighborhood. Mrs. Johnson has been ill and Mrs. Ramsey is caring for her.

Mrs. B. J. Sanbach of Springfield came Sunday for a visit with her sister, Mrs. W. A. Wesner and family.

Mrs. Michael Lonergan is reported quite ill at this writing. Mrs. J. E. Wyatt of White Hall and Mrs. Mary Wright and son Benjamin left Tuesday for Lakota, N. D., to visit Mrs. Wright's daughter, Mrs. Sinclair Russell and family.

Mr. and Mrs. H. U. Osborne and daughter, Miss Gladys, Mr. and Mrs. John Osborne and son Robert, Miss Lena Jarard of Memphis, Tenn., Mr. and Mrs. Ira Story and Mrs. Mary Blakeman and daughters Misses Maude and May attended a basket dinner Sunday at the home of Mr. and Mrs. John Osborne of West Union.

Mrs. Elizabeth Scott and daughter, Miss Emma of Franklin, spent from Saturday until Monday with Mrs. Rees Jones and family. Misses Rhoda and Hattie Scott motored over Monday afternoon and they returned home with them.

Miss Della Adams of Woodson visited relatives here Friday.

Mr. and Mrs. Chas. Riggs and son Phillip Wayne of Jacksonville were Saturday night and Sunday visitors here with relatives.

C. F. Wright and family of Jacksonville were guests Sunday of the former's mother, Mrs. Mary Wright and family.

Mrs. Maude Spainhower and son Howard of Woodson spent Sunday with home folks.

Quite a number from here attended a surprise basket dinner Sunday, at the home of Edward Warcup, near Winchester. The event was in honor of his 46th birthday. Among the guests were Mr. and Mrs. Rees Jones, Mr. and Mrs. J. T. Warcup, Edward Tendick and family, Burton

Millard and family, Harry Rimbe and family, Harry Lemon and family, S. B. Jones and family and Norman Carlson and family. Mrs. Elizabeth Harrison of Jacksonville was called here Saturday by the illness of her sister, Mrs. Mary E. Crouse who has been suffering with lumbago.

A special business meeting of the Royal Neighbors will be held Friday evening, July 18th. All members are urged to be present. Miss Alma Swaberry of Springfield and Miss Eleanor Ealey, Messrs. Leslie Crouse and Herbert Barnes of Jacksonville were guests Sunday of Mr. and Mrs. L. G. Crouse.

Mrs. J. P. Moore of Alton spent Sunday with Mrs. Geo. Miller and family.

Misses Clara and Delpha Little of Winchester, Mrs. Harry Luke

and son of Flint, Mich., and Mrs. S. S. Sheppard and daughters visited Friday with Mrs. J. W. Gunn and family. Mrs. C. T. Daniel has gone to Chicago for a two weeks visit with friends.

LAND SALE. By executor, estate of Mary H. Wood. Auction Saturday, Aug. 2 1919 at 1 o'clock, at court house.

Here's Good News For Canvas Shoes

If ever in this world there was a need for a genuine, sure-enough cleaner that cannot injure canvas fabric, that can be put on quickly and easily and not rub off—that time is now. Wearers of canvas shoes are sick and tired of cheap dressings that rub off until the shoes are streaked, unsightly and ugly.

You can be rid at last of all the trouble of keeping your canvas shoes in perfect, primed condition. Nova comes in solid form; it is absolutely free from acids or acid bleach and cannot harm the fabric or garments. Nova can be had in a variety of shades as well as in white, and all are equally good.

EAGLE BRAND

NOVA

If you want a white in liquid form, use Dainty White—the best preparation of its kind on the market. Buy Eagle Brand Paste for your fine black, brown, russet or on-blood shoes. Be sure and ask for these splendid cleaners by name—there is nothing else just like them—nothing just as good.

Notice of Moses Malory Deceased.  
The undersigned, having been appointed Administrator of the estate of Moses Malory late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.  
All persons indebted to said estate are requested to make immediate payment to the undersigned.  
Dated this 24th day of June A. D. 1919.  
W. E. SMITH, Administrator.  
William E. Thomson, Attorney for Estate.

## NOTICE OF FINAL SETTLEMENT

In the Matter of the Estate of Joseph E. Teale, Deceased.  
Notice is Hereby Given that I, the undersigned, executor of the last will and testament of Joseph E. Teale deceased, have caused my final report and account, as such executor to be placed on file in the office of the Clerk of the County Court of Morgan County, and that I shall apply to said Court on Monday the 28th day of July, A. D. 1919, at 9 o'clock A. M., of that day, or as soon thereafter as I can be heard, for an approval of said report and account and for my final discharge, at which time and place, all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.  
F. H. WEMPLE, Executor.

## FRANK OLMSTEAD RETURNS.

New York, July 25.—Frank Olmstead former head of Young Men's Christian association student work in Michigan and member of the Y. M. C. A. party which worked with the 269th Infantry in Archangel, was one of a party of Y. M. C. A. men aboard the transport "Savagierford," arriving today. For taking command of Russian soldiers whose officer had been killed and feasting a band of Bolsheviks he was awarded the St. George cross from Russia, while his bravery on another occasion won Guerre.

## MANY FRENCH DEPEND ON AMERICAN AID

New York, July 15.—One hundred thousand peasant families in the Aisne district of France, the region allotted for the relief work of the American committee for devastated France are dependent upon American people for help. John Kendrick Bangs, the author reported today upon his arrival here on the French Line Steamer Espagne. Mr. Bangs, who has been making a two months study of relief work for the committee declared that the majority of the peasants are homeless while most of the others are without money and with only a scanty food supply to tide them over the winter.

## ADOPT RESOLUTION

Washington, July 15.—A resolution by Senator Sherman, Republican, Illinois, requesting that the federal trade commission furnish the senate with documents relating to the export of meats from the United States to Great Britain was adopted today without a record vote.

## WILLIAM B. WRIGHT DIES

Toledo, O., July 15.—William Bennett Wright assistant general manager of the Detroit Journal, Toledo Blade and Newark (N. J.) Star Eagle, died at his home here today after a long illness.  
Mr. Wright has long been a prominent figure in the newspaper world, having begun his newspaper career as treasurer of the Indianapolis Journal.

SEVERAL WORLD WAR VETERANS ARRIVE HOME

Men Reach Home After Spending Many Months in Overseas Service — All Have Thrilling War Experiences to Relate.

During the last ten days Jacksonville veterans, heroes of the world war have been rolling into the city pretty steadily and it is the earnest hope that all of the city's warriors will ere long be home.

The boys come in alone, or by two and three. It is not often that many come together. Yesterday, however, four young soldiers arrived on the morning Chicago and Alton train from the north. They were Sergeant Walter Ahlquist, Corporal Leo Suiter, and Privates 1st Class Harry Salby and Dawson H. Cowgur.

The first two named have seen probably as long service in the United States army as any of Jacksonville's sons. They enlisted in the aviation corps soon after the declaration of war in 1917.

Several other young soldiers reached the city yesterday or Tuesday night, among them being Sergeant Fred Bray, Sergeant Gray may also be properly termed a veteran, as he has served for over two years, twenty six months to be exact.

We believe that Jacksonville looks good to these lads returning after a long absence and we know that they all look good to Jacksonville and to Jacksonville residents. It seems good to be back home once more and better still, it is good to be back with the knowledge of the war won, and a big job well done.

Sergeant Fred Bray Returns

Fred Bray, sergeant first class, one of the first local boys to enter the army service, has just returned to the city and is at the home of his mother, Mrs. H. E. Bray, 1906 Edgehill road. Mr. Bray has been in the service for the past twenty six months, enlisting soon after the declaration of war. Thirteen months of this service has been with the army overseas. His first went to Jefferson Barracks and some time later was sent to Ft. Sheridan where he was located almost a year. Young Bray enlisted in the medical corps and was in this branch of the service during his entire army career. He sailed from Hoboken, N. J., on May 10, 1918, landing in France on May 25.

The 55th hospital train, of which Mr. Bray was a member, was immediately upon landing sent into active service at the front. Their work consisted in carrying the wounded soldiers from the front line trenches back to the first aid stations, and in this work his unit traveled over forty thousand miles of territory.

Following the signing of the armistice the 55th hospital train was sent into Switzerland and later into Germany. Here they were engaged in transporting the American prisoners from Germany, as many of the men were wounded and disabled immediate medical attention was required. This work covered a period of several months and it was not until June 17 that Mr. Bray sailed for the U. S. He landed at Charleston, S. C. Here he was given his honorable discharge on July 7 and left soon afterward for Washington, D. C. where he spent four days visiting friends.

The young man has many experiences of an interesting and thrilling character to relate to his friends, all of whom are glad indeed to welcome him home.

Suiter and Ahlquist Home.

Two other Jacksonville boys who have each served for over two years in the army arrived Wednesday morning. They are Sergt. Walter Ahlquist, son of Mr. and Mrs. John A. Ahlquist of 512 South Clay avenue, and Corp. Leo Suiter, son of Mr. and Mrs. John B. Suiter of 333 Franklin street. Most of their army career has been spent in the overseas service and the two were together during the entire period. It was on May 8, 1917, that these Jacksonville boys enlisted in the air service.

They were sent to Jefferson Barracks for equipment and orders and left soon afterward for Kelly field, San Antonio, Texas. The order for overseas service came within a few weeks after their arrival at the southern field, and the two arrived in France in the early days of August 1917. As members of the 400th aero squadron they were located at various points in France, at one time in the southern part and later near Paris.

Ahlquist and Suiter sailed from France on May 30, landing at New York two weeks later. Upon arrival in this country they were sent to Rock Island for discharge. Both young men are glad to be at home again and are being warmly greeted by their numerous friends in the city and county.

Harry Salby Arrives.

Harry Salby, son of Mr. and Mrs. E. M. Salby, 620 Caldwell street arrived in Jacksonville yesterday after an army experience of over a year. Mr. Salby was in the medical corps and was first stationed at Camp Taylor, Ky. Being sent overseas he spent ten months in France with the colors. He arrived at Boston July 5th and was sent to Camp Devens. From that point the Illinois boys came to Camp Grant where they received their discharges.

Huston Cowgur Home.

Dawson H. Cowgur, of 802 East College avenue, was another young Jacksonville boy to arrive in the city Wednesday. Mr. Cowgur left Jacksonville last summer at the time nearly 300 Morgan county men were called to the colors. He had the distinction of serving overseas a very brief period being among those that were among the last to be sent from this country to fight abroad for America. Mr. Cowgur landed in England on Nov. 11th, the day the armistice was signed. He served in the infantry. Sailing for the United States the young soldier landed July 6th, going first to Camp Devens, thence to Camp Grant where he received his discharge.

Murrayville Man in City.

C. J. Kidney of Murrayville was a Jacksonville caller yesterday. Private Kidney served in the infantry and was overseas for ten months. He arrived home last Thursday.

"Cackles" Brown Back.

Private Pearl Brown, 521 Sheridan street, arrived in the city yesterday after a number of months' service in the army overseas. Brown, like all other army men, who were sent across, had many experiences and trials to make the best of, and he like most others has benefited physically thru camp life.

Corporal Burdick Home.

Corporal Robert Burdick, son of Mr. and Mrs. C. S. Burdick of 209 Woodland place has returned to his home in this city from overseas service. Corporal Burdick was 19 months in the service, a year of which was spent overseas. He received his honorable discharge at Camp Grant and arrived in Jacksonville Tuesday.

Jacksonville lodge No. 570, A. F. & A. M. will hold a stated meeting to night at 7:30. Visiting brethren welcome.

F. J. Muehlhausen, W. M. E. L. Kuehn, Sec.

MADE AUTO TRIP TO ST. LOUIS

ENJOYING VACATIONS

WILL HOLD BIRTHDAY PARTY

The Woman's Relief Corps will hold the May, June and July birthday party this afternoon at the home of Mrs. Angie P. Weber of West Court street. All ladies with birthdays fall in these three months will be the hostesses.

SCOTT COUNTY COUPLED MARRIED

Miss Amy B. Coultas Becomes Bride of Charles R. Hester at Winchester Wednesday—Other Items.

Winchester, July 16.—The marriage of Charles Russell Hester, son of Mr. and Mrs. Tim Hester to Miss Amy B. Coultas, daughter of Mr. and Mrs. L. L. Coultas, occurred at the Baptist church parsonage at 12 o'clock Wednesday, the ceremony being performed by Rev. W. R. Johnson. A reception was given at the home of the groom's parents, Mr. and Mrs. Hester in the evening. There was a large number of friends and relatives present and the young people received a number of beautiful and useful presents. Mr. and Mrs. Hester are prominent young people of Scott county and their many friends will extend congratulations and best wishes.
